Personal Statement

I am passionate about the social sciences and am seeking a position where I can be of benefit to those whose voices remain unheard. My studies have been in a combination of the social sciences and health sciences, and I am also interested in research positions. I am open to telecommuting if the position is not within 40 miles.

Experience

2022–Current

Owner, Designer • Mickey Mack's AMAZING Hats/Pattern Slattern

As a sideline to my education, I create both hand- and machine-knit hats and other accessories for the consumer. I sell these from my website but also at selected in-person events as time allows. Besides knitted hats, I also offer handmade jewelry, paintings, and other small items. At Pattern Slattern, I design and sell patterns for beadwork, crochet, and cross-stitching.

Owner, Designer • Kittyloaf Designs

As the designer at Kittyloaf Designs, I worked to create custom web and other digital designs for use on websites, business cards, letterhead, and other options. I also worked on call for clients to make sure their WordPress installations were running smoothly.

2007

Graphic artist • embroidme

As a graphic artist at embroidme, I created one-of-a-kind designs and layouts for machine embroidery, screen printing, traditional printing, and promotional items. I acted as the link between customers and the companies who created many of our materials.
